CDFA // BNY Mellon Development Finance Webcast Series: The Landscape of Mega Project Incentives

The Landscape of Mega Project Incentives | June 18, 2019 @ 1:00 PM Eastern

Mega projects are arguably the most fascinating developments that can be undertaken. From developers to average citizens, projects of such a grand scale attract the attention of everyone. In order to make development dreams become a reality, proposals call for public entities to solve myriad financing challenges. This trend has continued to show up in projects such as the new Foxconn plant in Wisconsin and Amazon's recent decision on the location for HQ2. During this installment of the CDFA // BNY Mellon Webcast Series, expert speakers will provide an in-depth overview on the approaches currently being used by cities, counties and states across the U.S. to attract mega projects.

Speakers will be announced soon.
