SIFMA Releases 2013 Fact Book.

The SIFMA Fact Book is now available for purchase. An annual publication, it contains comprehensive data on the securities industry, capital markets, market activity, investor participation, global markets, savings and investment, and much more. Data are amassed from dozens of sources into a single, easily accessible reference source. The 2013 Edition is now available and has more than 100 pages of tables and charts with decades of historical data (through 2012), plus website locations of key industry data sources. The Flash drive, containing PDF and Excel files, provides additional historical data for many of the time series covered in the book.
