Save the Date - GASB 68 Teleconference.

NABL will present a teleconference, "It is 2015: Pension Disclosure and GASB 68" on Tuesday, June 16, 1:00-2:30 pm Eastern.

In May 2012 NABL, with the assistance of a number of national associations, published "Considerations in Preparing Disclosure in Official Statements Regarding an Issuer's Pension Funding Obligations". The publication described what were then proposed changes in the accounting standards for pension plans and participating employers.

The new standards are contained in GASB Statements 67 and 68 and are now effective. The teleconference will provide an overview of the changes in the accounting standards and what should be considered in preparing disclosure materials following implementation of the new accounting standards. The panel will also review how pension funding disclosure has evolved since the release of the "Considerations" publication in 2012.

Stay tuned - additional details, CLE and registration information will be available soon.
