CDFA Brownfields Online Project Marketplace.

CDFA is excited to announce the Brownfields Project Marketplace as part of the CDFA Brownfields Technical Assistance Program. Brownfields redevelopment financing solutions are increasingly sought across the country in order to restore contaminated sites and/or to return abandoned industrial land to productive use. The cleanup and redevelopment of brownfield sites can advance a region's economy, restore the local environment, and ultimately lead to permanent job creation and greater attraction of external capital to the community.

The CDFA Brownfields Project Marketplace provides communities the opportunity to receive special assistance with brownfields redevelopment projects. Communities will detail important information on a site and engage in open discussion with financial and brownfields experts. The purpose of these discussions is to provide initial suggestions for the communities' redevelopment plans and financing sources. CDFA will provide two in-person and two virtual marketplaces each year.

Next Project Marketplace

February 2-4, 2016

12:00PM - 5:00PM EST

The Online Project Marketplaces will consist of a brief presentation by a community detailing important information on their brownfield site followed by an open discussion period among community officials and technical assistance partners. Join us online to consult with financing professionals and brownfield project experts who can help identify potential resources for the project.

To enroll in the Online Project Marketplace, please complete the application below. CDFA staff will follow up with you at the contact information you provide below to confirm your submission.
