CDFA Energy Investment Partnership Webinar Series.

The **Energy Investment Partnerships Webinar Series** is a tailored four-part webinar series designed specifically for states and stakeholders working to develop or enhance an Energy Investment Partnership (EIP). The webinar series will provide research-based education on EIPs and how development finance agencies, public entities, foundations, energy organizations and the financing community can work together to achieve greater program and project success to drive clean energy deployment.

This webinar series is a joint effort of the Council of Development Finance Agencies and the U.S. Department of Energy and is inspired by the recently published Energy Investment Partnerships guide. Each webinar is three hours and focuses on a financing technique or specific field of growing interest in the clean energy finance industry. A dedicated panel of industry experts will lead each webinar with concentrated presentations and discussions to explore how to achieve greater program and project success to drive clean energy deployment.

The following topics will be the focus of the webinar series:

- Webinar 1: Energy Investment Partnerships (EIP) — What Is It and How to Get Started
- Webinar 2: Energy Investment Partnerships (EIP) — Market Assessment & Product Offerings
- Webinar 3: Access to Capital & Leveraging Existing Financing Tools
- Webinar 4: Measuring Impact & Data Collection

Participants are invited to attend one, two, three, or all four webinars. The Energy Investment Partnerships Webinar Series is complimentary for all participants. To confirm your participation, register for the webinar series by clicking on the link below. Additional login information will be sent to all registered participants approximately 2-3 days before each webinar.
