**September 14, 2016**  
**SIFMA Conference Center**  
**New York, NY**

This session will provide in-depth instruction on the rules that state and local governments follow when accounting for and reporting their finances in audited financial reports. It will cover the basics from the perspective of the financial statement analyst – focusing on how the accounting standards affect the information that analysts receive. The speaker will also highlight significant new changes to government financial reports that analysts have seen or will soon see, such as deferrals, pension information, and fair value disclosures.

The session is ideal both for relatively new analysts and for experienced analysts looking for a refresher or to learn about the latest accounting requirements. Registration includes a copy of “An Analyst’s Guide to Government Financial Statements”, 2nd Edition, which will serve as the text for the session.
