Special assessments are a valuable tool that can be used to finance a wide variety of different projects across myriad sectors. Special assessments raise capital by assessing a prescribed fee on property owners within a geographic district. Based on the state authorizing legislation, the capital can then be used for any number of special purposes depending on what improvements are needed in the district. Over the past decade, special assessment has become one of the driving capital access tools for transformative community improvements. During this installment of the CDFA // BNY Mellon Development Finance Webcast Series, our expert speakers will discuss new and innovative uses for special assessments and how this tool is poised for greater use nationwide.
