Hazardous to Healthy: Financing Solutions for Recovering Brownfield Webinar

August 31, 2017
@ 2:00 PM Eastern

Many communities are taking a health-based approach to restoring hazardous properties by reinventing them as parks, healthcare facilities, and grocery stores. The redevelopment of hazardous sites to healthy places promotes safety, equity, and sustainability. However, achieving these positive outcomes often requires overcoming extraordinary redevelopment costs through creative financing approaches.

Join CDFA, our technical partners, and experienced brownfield communities as we discuss the financial strategies that restored hazardous properties for healthy reuse. This webcast is designed for professionals who work directly with brownfield sites as well as economic development finance professionals and communities interested in shaping programs to enhance redevelopment financing opportunities.
