## **Hazardous to Healthy: Financing Solutions for Recovering Brownfields.**

**August 31, 2017**

**2:00 - 3:30 pm Eastern**

Many communities are taking a health-based approach to restoring hazardous properties by reinventing them as parks, healthcare facilities, and grocery stores. The redevelopment of hazardous sites to healthy places promotes safety, equity, and sustainability. However, achieving these positive outcomes often requires overcoming extraordinary redevelopment costs through creative financing approaches. Through best practices and case studies, this free webinar will examine how various experienced entities have brought brownfield sites back into productive use.

Join CDFA, EPA, and experienced brownfield communities on Thursday, August 31, 2017 from 2:00 – 3:30pm Eastern as we discuss the financial strategies that restored hazardous properties for healthy reuse. This webcast is designed for professionals who work directly with brownfield sites as well as economic development finance professionals and communities interested in shaping programs to enhance redevelopment financing opportunities.

Moderator:

**Blake Williams**

Program Coordinator

Council of Development Finance Agencies (CDFA)

Speakers:

**Miles Ballogg**

Brownfields Practice Leader

Cardno
