MSRB Seeks to Collect Additional Fee Information About ABL Programs and 529 College Savings Plans.

The Municipal Securities Rulemaking Board (MSRB) today filed with the Securities and Exchange Commission (SEC) a proposed rule change to amend [MSRB Form G-45](#) under [MSRB Rule G-45](#), on reporting of information on municipal fund securities. The MSRB seeks to collect additional information about the transactional fees primarily assessed by programs established under the Stephen Beck, Jr., Achieving a Better Life Experience Act of 2014 (ABLE), as well as any variance in account maintenance fee based on the residency of the account owner.

The proposed rule change would require underwriters to ABLE programs as well as underwriters to 529 college savings plans to submit additional fee information, as applicable, beginning with the reporting period ending June 30, 2018. The reporting period ending June 30, 2018 is the first reporting period that underwriters to ABLE programs are required to submit data to the MSRB on Form G-45.
