CDFA // BNY Mellon Development Finance Webcast Series: Analyzing Public-Private Partnership Legislation

Analyzing Public-Private Partnership Legislation

January 29, 2019 @ 1:00 PM Eastern

Public-Private Partnerships (P3) are being used more and more frequently throughout the U.S. to increase public capacity and decrease the risk, and often the timeline involved in completing a project. Each P3 is truly unique, but many public agencies have entered into a P3 structure for projects such as water, energy, and/or transportation. Before entering into a P3 it's important to understand your state's authorizing legislation.

During this installment of the CDFA // BNY Mellon Webcast Series, expert speakers will highlight various successful P3 state statutes across the U.S. and generally what they allow for.

Speakers:

David White, Moderator
Vice President of Business Development
The Bank of New York Mellon

Hilary Jackler
