J.P. Morgan Launches New Digital Bond Ladder Tool.

Helps financial advisors build hypothetical bond ladders tailored to help meet client needs

NEW YORK, May 8, 2019 /PRNewswire/ — J.P. Morgan Asset Management today announced the launch of [*Bond Ladder Illustrator*](#), a new tool for financial advisors to create hypothetical municipal bond ladders based on customizable inputs such as tax rates, credit quality, maturity ranges and interest rate views.

Powered by an engine built in partnership with Asset and Wealth Management's Intelligent Digital Solutions group, the tool provides advisors with the unique opportunity to create hypothetical bond ladders based on actual municipal bonds that have gone through J.P. Morgan's extensive credit review process, rather than generic benchmark interest rate curves.

"Using actual municipal bonds that have made it into J.P. Morgan's portfolios enables the tool's output to be more indicative of what a client would actually get if they choose to build a ladder portfolio with us," said Rick Taormina, Head of Tax Aware Strategies at J.P. Morgan Asset Management.

Some of the tool's key features include a tax rate calculator, customizable portfolio assumptions based on client preferences, and a personalized, end-client ready report that includes key portfolio characteristics, estimated investment returns, income, cash flow and total return metrics.

Bond Ladder Illustrator is the latest addition to J.P. Morgan's suite of digital portfolio construction tools as the firm continues to deliver sophisticated digital capabilities to financial advisors, said Andrea Lisher, Head of the Americas for J.P. Morgan's Global Funds business.

"This is another great example of how we're investing in leading-edge tools to help financial advisors build stronger portfolios for their clients," Lisher said.

"Like our digital Portfolio Analysis and Investment Comparison tools, Bond Ladder Illustrator combines the 'power under the hood' of J.P. Morgan's insight and expertise with 24/7 convenience and an easy-to-use interface that gives advisors what they need in just a few, simple clicks."

Advisors can access the Bond Ladder Illustrator at jpmorgan.com/bondladder.
