## The SEC's Fast-Approaching Cybersecurity Overhaul for Public Companies and Regulated Entities.

**As the SEC staff picks up the pace of cyber investigations, Chair Gensler continues the push to beef up the Enforcement Division's already meaty toolkit.**

### TAKEAWAYS

- The SEC has nearly doubled the size of its Crypto Assets and Cyber Unit and has aggressively pursued cyber-related enforcement actions against public companies and regulated entities.
- In a few months the SEC will finalize new rules governing firms' cybersecurity obligations, ushering in an unprecedented wave of oversight.
- Companies must proactively prepare for changes to the cyber-regulatory regime by assessing the adequacy of their security protocols, disclosure controls and procedures, and disclosures to investors regarding cyber matters.
