Budget Document Basics: GFOA eLearning Course

Nov 14, 15 & 16, 2023

Details:

Most, if not all, local governments produce a budget document every year as one of the final steps in their budget process, but do they know who is reading it and what they think of it? This course will encourage finance and budget staff to think critically about why their local government publishes a budget document and what they are communicating so that they can produce a document that is more useful for both internal and external stakeholders. By pointing out some of the limitations of the budget document as a communications tool, the course will also encourage attendees to think about how their organization's budget document fits in with its broader budget communications strategy and how to develop other means of communication to complement the budget document.
