Fitch: U.S. Military Housing Project Transactions - Peer Credit Analysis

This report summarizes operating and financial performance for Fitch-rated U.S. privatized military housing transactions. The analysis covers 28 ratings on debt issued to finance the development and operation of 17 privatized military housing projects (MHPs) at 34 military installations throughout the continental U.S. Combined, the projects provide more than 50,000 units of housing for accompanied and unaccompanied military personnel assigned to those installations.
