NaCo: Road to Resilience: Stormwater Planning.

Wednesday, December 4, 2013 2:00 PM - 3:15 PM EST

Whether you live in a coastal county or a flood-prone county, this webinar will prepare you with a host of resources to improve the stormwater resilience of your county. You will learn how landcover is linked to water quality, and how stormwater affects important areas of concern in your community like health, flooding, erosion, pollution, and infrastructure. You will learn about tools to help visualize land cover, as well as grey infrastructure and green infrastructure strategies to deal with stormwater issues. Finally, you will hear stories about how some communities built a network to collaborate with other organizations to deal with these issues.
