MSRB Reminder: Resources Available for Municipal Advisors.

The Securities and Exchange Commission's (SEC) final municipal advisor registration rule takes effect today, July 1, 2014. Before engaging in municipal advisory activities, municipal advisors must register with the SEC and the Municipal Securities Rulemaking Board (MSRB). To assist municipal advisors in staying apprised of developing regulatory initiatives, the MSRB regularly updates a dedicated page on its website and provides numerous resources for municipal advisors.
