

Bond Case Briefs

Municipal Finance Law Since 1971

The Bond Buyer's Mid-Atlantic Municipal Market Conference.

The Bond Buyer is committed to elucidating the complexities of the municipal finance market. It's with that in mind that we've launched The Bond Buyer's Mid-Atlantic Municipal Market Conference, September 21 at the Union League Club, Philadelphia, PA—to help the region's municipal issuers explore all avenues available to their community to borrow money when it needs to and at the lowest possible costs while adhering to recent regulatory reforms.

This new conference will present a roadmap for issuers, delving into market changes, best practices, innovative funding options and what other evolutions could be ahead.
