

Bond Case Briefs

Municipal Finance Law Since 1971

NABL Municipal Bankruptcy Teleconference.

Not too many of us are municipal bankruptcy experts (and few of us want to be!). Most bond law issues are often litigated and settled before trial, in both bankruptcy and work-out situations. This last year has been no exception.

Join our panel of national experts, Patrick Darby, Ann D. Fillingham, and Allen K. Robertson, on **Thursday, November 12, 1-2:30 pm Eastern**, for their perspectives on what we need to know.

This free, NABL members-only teleconference will cover:

- Distressed Units - Common Causes and Warning Signs;
- Understanding the Basics of Access to the Bankruptcy Courts;
- Common Arguments Raised During Bankruptcy;
- State Law Remedies vs. Chapter 9 Bankruptcy;
- Understanding the Importance (and Limitations) of Lien and "Special Revenue" Status;
- Statutory Liens and Recent State Law Developments; and
- Disclosure Issues.
