### **Financing Water Infrastructure**

**May 17, 2016**

**@ 1:00 pm Eastern**

Building and maintaining water systems is a growing investment challenges for many communities. Coupled with rapidly aging system concerns, communities are facing billions of dollars investment in both drinking and waste water projects over the next few decades. How can communities access low cost capital in order to meet this demand? Bond financing and low cost federal lending remains the most viable options for many communities, and this month during the CDFA // BNY Mellon Development Finance Webcast Series, our expert speakers will dive into both water bonds and federal financing tools that can be used to support water infrastructure projects across the country.
