October 12-13, 2016 | Daily: 12-5pm (EDT)

The **Intro Rural Finance Training WebCourse** focuses on how the development finance toolbox can be structured to support rural communities and help them with strategies to invest in infrastructure, redevelopment, and job creation. This course differs from other curriculums in that it focuses on designing programs targeted to serve rural communities.

Leaders in rural and agricultural development finance will discuss how to develop and establish long-term financing within rural communities. In addition, the course will highlight successful programs that are working throughout the country in communities with varying levels of capacity and size. Topics discussed during the course include targeted financing programs available at the federal, state, and local levels for rural communities, along with best practices for employing these financing programs.
