December 13, 2016
@ 1:00 pm Eastern

Have you ever wondered how all that new and exciting development started in your community? Ever wondered how your neighboring communities have been so successful with their economic development efforts? Well, look no further than your local Development Finance Agency (DFA). DFA's assist in the financing of all types of development projects at the local, state, and even multijurisdictional levels. They benefit communities by eliminating blight, attracting new businesses, and financing critical infrastructure. Thousands of DFA's exist across the country, each serving a special role in their communities. Do you have a high performing DFA in your community or region? How are these agencies organized and how do they operate? This month, during the final CDFA // BNY Mellon Development Finance Webcast Series of 2016, our expert speakers will provide a look into the activities, operations, management and success stories of their high performing DFA. Don't miss this opportunity to learn from the best DFAs in the country.
