SUMMARY:

EPA is proposing to establish fees related to the provision of federal credit assistance under Subtitle C of the Water Resources Reform and Development Act of 2014 (WRRDA), which is referred to as the Water Infrastructure Finance and Innovation Act of 2014 (WIFIA). WIFIA authorizes EPA to provide secured (direct) loans and loan guarantees to eligible water infrastructure projects and to charge fees to recover all or a portion of the Agency's cost of providing credit assistance and the costs of retaining expert firms, including financial, engineering, and legal advisory services, in the field of municipal and project finance to assist in the underwriting and servicing of Federal credit instruments.
