CUSIP Requests Climb Again in March Signaling Corporate and Muni Bond Surge.

NEW YORK, NY, April 13, 2017 - CUSIP Global Services (CGS) today announced the release of its CUSIP Issuance Trends Report for March 2017. The report, which tracks the issuance of new security identifiers as an early indicator of debt and capital markets activity, found an uptick in the pre-trade market for corporate and municipal bonds in March. This volume of pre-trade activity in corporate and municipal bond markets is suggestive of future growth in new securities issuance volume.
