Autonomous Vehicles: A Policy Preparation Guide.

Autonomous vehicles are rolling out on city streets across the country at a rapid pace – much faster than anticipated just a few years ago. While state and federal entities have always played a role in regulating transportation, cities are where this new technology is being deployed now.

National League of Cities latest resource, [“Autonomous Vehicles: A Policy Preparation Guide.”](#) provides an overview of AV technology and answers frequently asked questions for city leaders around AV manufacturers, public policy considerations, municipal coordination, and infrastructure investment.
