CDFA 2016 Volume Cap Report and Mid-Year Capital Markets Review.

August 22, 2017 @ 1:00 PM Eastern

The 2016 Volume Cap Report has been released, and our expert panelists are ready to analyze CDFA's findings. Did the issuance of Industrial Development Bonds increase in 2016, or has this category's recent downward trend continued? How much unused allocation was carried-forward by states in 2016, and what factors influenced their decision-making? During this installment of the CDFA/BNY Mellon Development Finance Webcast Series, we'll take a mid-year look at the capital markets, consider the financing trends that volume cap data is showing us, and discuss what you can expect during the last months of 2017.
