Electronic Trading: The Next Level of Municipal Bond Trading.

The best way to get greater liquidity, handle price transparency requirements and realize cost savings

Oct. 11, 2107 | 2 PM ET/11 AM PT

Are you getting competitive liquidity? Is cost savings a concern? Do you need help with best execution requirements? This web-seminar will cover the challenges that municipal bond traders are facing and how they are leveraging electronic trading to access unique liquidity and increase their trading efficiency to support best execution requirements.

Agenda:

- A walk through on how to access exclusive liquidity and trade transparency
- How an 'all-to-all electronic marketplace' works
- Concrete examples on how dealers and the buy-side community have been leveraging electronic trading
