## **Webcast Replay: USPF Storm Update.**

S&P Global Ratings held a live interactive Webcast and Q&A on Tuesday, October 17, 2017 at 1:30 p.m. Eastern Time. Senior analysts discussed the impact to credit quality following the storms, our expectation for an additional rating action going forward, and how long recovery can take for issuers impacted by storm damage. The discussion also included states, local governments, water and sewer utilities, transportation/public power, school districts, and higher education issuers in the impacted areas. Given the recent fire activity in California, we gave an update to our credit coverage in the region.
