Financing Economic Recovery in the Wake of Disaster: CDFA Webinar

November 14, 2018 | 2:00 – 4:00 PM Eastern

Over the last 40 years, the worldwide incidence of severe weather and natural disasters has increased dramatically. In the U.S., natural disasters as a consequence of extreme weather patterns have grown in frequency, and communities around the country are left grappling with ways to rebuild their damaged infrastructure in the aftermath of hurricanes, tornadoes, floods, wildfires, and drought. In this CDFA webinar, you'll learn from experienced development finance practitioners how to finance the recovery and redevelopment of communities following a disaster, as well as the types of finance tools available to communities on the federal, state, and local level.
