CUSIP: Monthly Decline in New Issuance Requests Drags Down Full Year 2018 Volumes.

“The second half of 2018 has been marked by a great deal of month-to-month volatility in CUSIP request volume, which is consistent with market uncertainty over the future of interest rates,” said Gerard Faulkner, Director of Operations for CUSIP Global Services. “On the whole for 2018, total CUSIP request volumes trended down from the previous year, consistent with new security issuance activity over the course of the year.”
