CDFA COVID-19 Resource Center.

Development finance has always been at the forefront of recovering from natural disasters and economic challenges. The CDFA COVID-19 Resource Center is a collection of financing programs and resources to address disaster relief and recovery.

As the situation surrounding COVID-19 evolves, small businesses and communities across the country will very quickly face liquidity challenges, job losses, and project stagnation. Credit will be tightening and small businesses will struggle to make payroll while communities will be forced to scale back or halt infrastructure development. Moreover, communities are facing difficulties financing critical infrastructure such as health facilities, broadband networks, and testing centers to address local COVID-19 demands.

Development finance agencies are uniquely positioned to solve these challenges through pragmatic solutions and adjustments to existing initiatives. CDFA developed this COVID-19 Resource Center to serve as a central hub of everything the development finance world is doing to mitigate the impacts of COVID-19.
