Fiscal First Aid for School Districts: GFOA Webinar

August 7, 2020 | 2 p.m.-3 p.m. ET

Details:

While great uncertainty remains on multiple fronts related to the impacts of COVID-19, this webinar will highlight the tools and resources from GFOA's Fiscal First Aid project that school districts can utilize now to help deal with current challenges. Examples will be provided of key pieces of FFA that school districts can leverage now to help offset likely financial impacts from potential losses of revenue and redirection of expenditures to re-open school in the fall – whether in-person, virtually, or somewhere in between. In addition, the webinar will highlight GFOA's work through its Smarter School Spending project that emphasize better long-term planning and connections between outcomes and resource allocations – as the impacts of the pandemic and subsequent economic downturn will likely have multi-year ramifications for school districts, their operations and corresponding budgets.
