## **CEQA Amended to Expedite Transit and Sustainable Transportation Projects: Nossaman**

Governor Newsom recently signed into law Senate Bill 288 (the “Sustainable Transportation COVID-19 Recovery Act”), which will temporarily add new exemptions to the California Environmental Quality Act (CEQA) statute. The purpose of SB 288 is to fast track transit and sustainable transportation projects, provide a boost to public transit agencies affected by COVID-19, aid economic recovery by producing jobs, and reduce driving and GHG emissions.

These statutory exemptions may help expedite environmental review of transportation projects that are specifically ... [Continue](#)
