How Muni Bonds Fared in 2020 and What to Expect in 2021,

Municipal bonds fared better than expected throughout 2020 despite the global pandemic and subsequent impact on state and local government budgets. With record issuance and strong investor interest, muni bonds posted robust performance during the year and their yields have largely normalized since disruptions in March.

Let's take a look at how muni bonds fared over the past year and what investors can expect in the new year.
