NABL Connect Launches a New Tax Law Community.

NABL is excited to launch a new Tax Law community on NABL Connect, a private members-only (excluding Federal regulators) online discussion forum. The Tax Law community will enable NABL members to stay informed about new developments in Federal tax law related to municipal bonds, share tax resources, and discuss new regulations and interpretations of existing regulations and Code sections.

This new community is intended to facilitate dialogue among members, but is not intended to supplant the need to consult with competent tax attorneys regarding particular situations.
