## **CDFA Federal Financing Webinar Series: Funding Community Energy Needs with the Department of Energy.**

**Tuesday, August 23, 2022 - 2:00 PM - 3:30 PM Eastern**

The CDFA Federal Financing Webinar Series is an exclusive, six-part online offering that will convene finance experts from several federal agencies to discuss the variety of federal programs available to restore local economies, preserve small businesses, invest in our communities, and protect our environment.

In the last year, two major pieces of legislation have changed the federal funding landscape with new programs being created through the American Rescue Plan and the Investment in Infrastructure Jobs Act. During each webinar, CDFA will feature timely and in-depth conversations with federal financing experts discussing new programs, updates to existing programs, and the latest strategies for applying and deploying funding. Representatives from various agencies, including DOC, EDA, NIST, HUD, EPA, DOE, USDA, Treasury, and SBA will join us for these discussions.

This series complements the information featured in the CDFA Federal Financing Clearinghouse, provides an in-depth discussion about key federal programs, and offers new and innovative ideas for how communities can utilize federal financing programs. As new programs emerge, they will be highlighted throughout the series.

CDFA maintains strong relationships with federal agencies, giving attendees unprecedented access to the inner-workings of the government's economic development finance activities. We leverage these relationships to offer insider access to the newest initiatives from every agency and help communities prepare for funding and submit applications.

To participate, register for a single webinar or the entire series, and CDFA will send you reminders for each webinar as they are hosted. All webinars will be recorded and presentation materials will be shared with the attendees for long-term viewing.
