Oregon Department of Transportation: Fitch New Issue Report

The 'AA+' rating reflects the exceptional resilience of the security structure and growth in pledged revenues that is expected to exceed the long-term rate of inflation. Assuming additional debt issuance to the additional bonds tests (ABTs), net pledged revenues could sustain significant declines and still comfortably meet maximum annual debt service (MADS) requirements on the senior, subordinate, and second subordinate lien bonds. The rating is capped by the state's Issuer Default Rating (IDR) of 'AA+'.
