Proposed Rule Change Consisting of Amendments to MSRB Rule G-14 and to Amend FINRA Rule 6730: SIFMA Comment Letter

Summary

SIFMA and SIFMA AMG provided comments to the U.S. Securities and Exchange Commission (SEC) and reiterated comments made in their previous letters, the Commission, FINRA, and the MSRB should reconsider if a one-minute trade reporting requirement is appropriate for fixed-income markets in the first place. If a decision is made to proceed with this proposal, then FINRA and the MSRB should allow for an appropriate implementation period (e.g., two years) and:

- Include a broad exception for manual trades;
- Examine impacts to liquidity, depth, concentration, and transparency prior to decreasing reporting times to shorter intervals to ensure markets are not harmed;
- Provide relief for certain electronic trades where system processing limitations prevent ne-minute reporting, including post-trade allocations; and
- Implement the proposed de minimis exception.
