## **S&P Global Market Intelligence Boosts Muni Market Coverage.**

***S&P Global Market Intelligence's integrated market intelligence platform now covers almost 6 million securities in the municipal market.***

The firm has added 4.6 million municipal securities to Capital IQ Pro, which provides liquidity scores, end-of-day pricing, analytics and enhanced terms and conditions data. More than 26 million fixed income securities are now covered by the service.

Warren Breakstone, head of data and research at S&P Global Market Intelligence, commented: "We remain steadfast in our commitment to expanding content coverage, building tools and visualisations to bring this data to life. With this update, all S&P Capital IQ Pro users will gain access to reference and pricing data for over 26 million fixed income securities."

This expansion is the result of S&P Global's 2022 integration with IHS Markets, it said, which brought IHS Markit Financial Services under the S&P Global Market Intelligence umbrella.

Last year, Capital IQ Pro was updated with document analysis service Document Intelligence. This service provides summarisations and insights for documents and transcripts.
