PeaceHealth, Washington: Fitch New Issue Report

The 'A+' rating and Stable Rating Outlook reflect Fitch Ratings' expectation that PeaceHealth will sustain its operating momentum and steady improvement in cash flow margins. PeaceHealth operates in service areas that support sustainable growth. The 'A+' rating reflects PeaceHealth's leading market presence in generally favorable service areas, with diversification covering operations across three states, and strong balance sheet ratios. Fitch expects PeaceHealth's financial profile to remain strong, even under a forward-looking stress scenario.
