S&P Request For Comment: Short-Term Ratings For Commercial Paper And Variable-Rate Demand Obligations

S&P Global Ratings is requesting comments on proposed revisions to its methodology "Commercial Paper, VRDO, And Self-Liquidity." While these revisions do not aim to fundamentally alter the analytical framework for rating commercial paper (CP) programs and variable-rate demand obligations (VRDOs) from U.S. public finance issuers, they are intended to enhance clarity, transparency, and cross-practice consistency.
